Saginaw, Michigan, 48604. January 2009 – SWS-Trimac, Inc. continues partnership with FAA Service Stations.

From 2005 thru 2007 SWS-Trimac, Inc. has remanufactured various assemblies which required machining, and EB-Welding. New products have been built from raw stock requiring Machining, EB-Welding, Visual Inspection, Passivation and Final Grind. Customer requirements include a FAA Drug and Alcohol Policy to be in place to process their product, along with our NADCAP and ISO certifications.
